Hi Everyone,

Thanks to those that sent in revisions to the agenda for tomorrow – I'll be incorporating them and sending out an updated agenda in the morning. I also wanted to send out this draft of the contract between the BID and Griffith. This is a template that Dan from Griffith sent over and I have made some minor edits to, that we think might work well for our needs. But I want to stress that at this point it is simply a template so anyone with expertise on these types of projects/contracts please review and give us your input. We will be discussing the contract first thing at the meeting tomorrow and you can share any thoughts then. And as always – I am available for any additional questions or input anybody has. Thanks and we look forward to seeing you tomorrow at 10am at the BID offices.
